

Abacus Whiz.

Grow your bookings. Grow your business.

Abacus Whiz gives travel consultants easy access to the Abacus Global Distribution System (GDS) and other travel content. Incorporated with powerful and user-friendly features, it automates the travel booking process so you can react swiftly to fast-changing market demands. This new version consists of intelligent features that increase efficiency, thereby enabling you to provide better service to your customers.

Gain an Edge with Competitive Content

Abacus Whiz, a Windows-based system, puts travel content right in your hands, so that you can offer your customers the best rates and updated information.

Access real-time content from Abacus FareX

- Global access to over 1 million records of exclusive, negotiated, market and agency fares. Content is always updated and sourced from over 800 airlines and wholesalers.

Customise itineraries according to preferences

- Preview, edit and create itineraries over a wide range of layout templates and text properties.
- Offer a wide selection of languages including English, Traditional Mandarin, Simplified Mandarin and Russian.

Integrate Your Processes. Improve Your Productivity

Abacus Whiz offers a wide range of features to help streamline your business and increase profitability. Its features are designed with the user in mind, which makes using Abacus Whiz a pleasant experience.

Increase end-to-end productivity

- Faster development and deployment of feature enhancements in the future without the need for database market migration.
- Gain access to productivity reports, eLearning courses, localised promotions from airlines and other travel suppliers via Abacus eServices, the one-stop online portal for all your business needs.
- Simplify hotel booking processes with new hotel graphical user interface (GUI).

Integrate your operations seamlessly

- View, save, email and print updated AIG insurance policies.
- Access Abacus-related business services and information quickly through the integrated Abacus eServices.
- Quick access to hotel maps.
- Guided workflow to reissue tickets with auto-populated information from previously issued ticket.

Simplify and smoothen workflow

- Sequence multiple shortcut keys to form your own workflow.
- Control and manage printers efficiently with a one-time set up.
- Request for seats easily through a user-friendly graphical interface.

Upgrade Abacus Whiz online easily

- Upgrades are fuss-free and can be automatically deployed to your desktop.

Managing your travel transactions and providing excellent customer consulting is now a breeze with the new Abacus Whiz. Harness its power for your business today!

Differentiate Your Business with Superior Service

It's the service that will keep your customers coming back. With Abacus Whiz, you can access other Abacus tools seamlessly and take full advantage of their offerings to provide your customers with first-class service.

Enhance customer experience with wide-ranging services

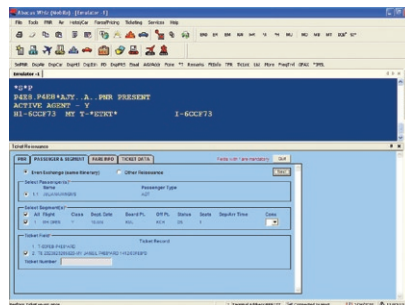

- Seamless integration with other Abacus tools like Abacus PowerSuite, Abacus eServices and Abacus VirtuallyThere enables you to extend your service offerings.

Access comprehensive travel content

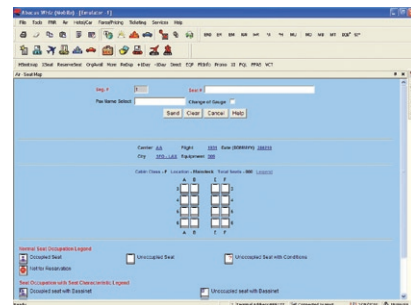

- Acquire extensive information in a single display when searching for availability of services.
- Address your customers' wide range of needs with travel content at your fingertips.

Respond more quickly to customers' needs

- Send travel documents to customers via print, email or fax.
- Save, email, fax or print multiple Electronic Ticket Passenger Itinerary Receipt (ETPIR).
- Generate up-to-date ETPIR that accurately reflects itinerary changes.
- Communicate a stronger brand personality through agency logos and addresses.
